AMUNDI FUND SOLUTIONS ICAV SABADELL URQUIJO CRECIMIENTO - A2 USD QD (D)

A Sub-Fund of AMUNDI FUND SOLUTIONS ICAV

ISIN code: (D) IE00BMF7G454

This UCITS has appointed Amundi Ireland Limited, an entity part of Amundi group, as its Management Company

Objectives and Investment Policy

The Sub-Fund seeks to increase the value of investment over the recommended holding period.

The Sub-Fund seeks to achieve its investment objective through investment on a multi asset basis in the following asset classes: (i) equities; (ii) Equity Related Securities; (iii) bonds (fixed or floating rate which may be rated above or below Investment Grade); (iv) commodities (indirectly through investment in Exchange Traded Commodities or exchange traded funds); and (v) real estate (indirectly through investment in eligible real estate investment trusts (the "Asset Classes").

While the Sub-Fund can invest directly in the Asset Classes, it shall mainly invest through underlying funds, which are consistent with the Sub-Fund's investment objective and policy. The Sub-Fund will not be confined to any geographical region or industry when making its investments and may invest without limit in Emerging Markets (which in the case of investment in securities that are listed/traded on the Moscow exchange, subject to a maximum investment of 5% of Net Asset Value) and below Investment Grade securities. The Sub-Fund aims to achieve equity-like returns by investing in the Asset Classes but with reduced volatility over the longer term. In order to seek to achieve this, in normal market conditions, the Sub-Fund will, in aggregate, invest between 40% and 80% of its Net Asset Value in equities (including Emerging Markets equities), below Investment Grade bonds, Emerging Markets bonds, commodities (which shall for the purpose of this limit exclude gold), and real estate. The balance will be invested in other assets within the Asset Classes. While the Sub-Fund will typically gain exposure to currencies via currency forwards it may also invest directly in currencies of developed and Emerging Markets countries. The Sub-Fund may also hold cash and instruments that may be readily converted to cash (including cash deposits, European treasury bills and government bonds, short-term corporate bonds, commercial paper, short term Money Market Instruments and certificates of deposit. There is no limit on the number of underlying funds in which the Sub-Fund may invest and the Sub-Fund may invest up to 100% in underlying funds. The Sub-Fund will use derivatives for investment purposes and/or efficient portfolio management purposes.

Benchmark : The Sub-Fund is actively managed and seeks to outperform the composite index 60% MSCI World All Country Index /40% Barclays Euro Aggregate Bond Index (the "Benchmark"). The Sub-Fund is mainly exposed to the issuers of the Benchmark, however, the management of the Sub-Fund is discretionary, and will be exposed to issuers not included in the Benchmark. The Sub-Fund monitors risk exposure in relation to the Benchmark however the extent of deviation from the Benchmark is expected to be significant.

Management Process : The Sub-Fund integrates Sustainability Factors in its investment process as outlined in section "Overview of Responsible Investment Policy" in the Prospectus. The management process involves an investment allocation by the Investment Manager across four principal pillars of investment strategy based on the objective and policies of the Sub-Fund in order to select the Sub-Fund's investments. These comprise alpha (active return) generating macro, satellite, and selection strategies and a macro hedging strategy. The strategies involve a combination of a bottom up analysis of fundamentals, top-down analysis of macroeconomic developments as well as the selection of less correlated investments and the use of macro hedging to preserve return or mitigate risk.

The distribution share pays dividends quarterly.

The minimum recommended holding period is 6 years.

Investors may sell on demand on any business day in Ireland.

Risk and Reward Profile

The risk level of this Sub-Fund reflects the risk of its allocation, which is exposed to the bond market and the equity market in roughly equal proportions.

Historical data may not be a reliable indication for the future.

Risk category shown is not guaranteed and may shift over time.

The lowest category does not mean 'risk free'.

Your initial investment does not benefit from any guarantee or protection.

For un-hedged currency classes, exchange rate movements may affect the risk indicator where the currency of the underlying investments differs from the currency of the share class.

Important risks materially relevant to the Sub-Fund which are not adequately captured by the indicator:

- Credit risk: represents the risks associated with an issuer's sudden downgrading of its signature's quality or its default.

- Liquidity risk: in case of low trading volume on financial markets, any buy or sell trade on these markets may lead to important market variations/fluctuations that may impact your portfolio valuation.
- Counterparty risk: represents the risk of default of a market participant to fulfil its contractual obligations vis-à-vis your portfolio.
- Operational risk: this is the risk of default or error within the different service providers involved in managing and valuing your portfolio.
- Emerging Markets risk : Some of the countries invested in may carry higher political, legal, economic and liquidity risks than investments in more developed countries.

The use of complex products such as financial derivative instruments might increase market movements in your portfolio.

The occurrence of any of these risks may have an impact on the net asset value of your portfolio.
